# Road Commissioner's Report.

---

*To the Honorable Board of Selectmen and the Tax Payers of  
the Town of Barrington:*

I have the honor to submit the following report of the operations of the road and bridge department for the year ending Feb. 15, 1896:

I entered upon the duties of the office of Road Commissioner, April 1, 1895, and the first part of my business was to look over the several roads and bridges.

I found the road leading from the Hale schoolhouse to Stratford by the way of the Mountain in a very bad condition, and it required quite a sum of money to put it in repair. The road from James M. Locke's mill to the Pond Hill road by the way of the residence of the late Daniel Cater was in bad order, although there has been a large sum of money expended upon it during the last few years. But it is a very hard road to keep in repair, and it would have cost a much larger amount to have repaired it this year if it had not been for the generosity of Elisha and Irving M. Locke, who allowed us to move material from their premises to repair it. The main road from Bow Lake and Northwood to Rochester, past the residence of S. S. Hale, the McDaniel place and Gonic, was generally out of repair. The large amount of travel over this road made it necessary to expend quite a sum of money upon it. I have had most of the other roads put in good condition. The bushes have been cut back from the main traveled part of the roads as a general thing through town. I have had four bridges built new and the others put in fair condition.

Upon the whole it has been an expensive year, owing to the

bad condition of the bridges at the beginning of the year, the heavy rains and bad wash-outs during the year on a large number of the hills and roads through town.

In conclusion, I wish to tender my thanks to the selectmen for their courtesy toward me; also to those that have assisted me in looking after the roads and bridges and in repair of the same, and I believe that all money intrusted to their charge has been wisely and judiciously laid out.

Respectfully submitted,

W. E. WATERHOUSE.

# School Report.

---

*To the Citizens of the School District of the Town of Barrington :*

In accordance with the laws of the state, the Board of Education respectfully submit the following as their report of the schools for the past year :

During the last school year nothing has happened that had a tendency to lower or lessen the standard of the several schools in this school district, and your board have found an active interest in the studies by the teachers and pupils and a very marked improvement and advancement in discipline and knowledge.

It has been the aim of the board to provide teachers who were thoroughly competent, and who could carry out the new methods of teaching that have taken the place of the old routine of study and recitation. These changes have in some cases been so radical that all may not have understood them, but the rapid advancement of the pupils, and especially the little ones, has been the best proof of their efficiency.

In regard to new books, and especially readers, your board have selected, after a careful examination, what they think to be the best for general use, and think they are giving good satisfaction.

The school buildings and grounds are in good condition and repair, with the exception of two or three.

In closing this report, we will say that taking into consideration the limited amount of money appropriated for school purposes and the distance that some of the pupils have to travel,

the town has reason to congratulate itself on the flourishing condition of its schools.

Respectfully submitted,

W. E. WATERHOUSE,	}	School Board
G. B. HALEY,		of
J. F. SHERBURNE,		Barrington.

## TEACHERS FOR THE SUMMER TERM.

Miss Lizzie Wentworth,
